JOINT MISSION COVERAGE SUMMARY

Mission C 6017
20 August 1958Summary of Coverage

Mission C 6017, flown on 20 August 1958, covers the coastal area of China from Ta-ya Wan (Bay), northeast of Hong Kong, to the Niu Pi Shan Yang (Channel) about 115 nautical miles south-southeast of Shanghai. The mission also covers portions of inland China backing the Amoy and Fu-chou coastal areas, along the 26th parallel as far as the Kan-hsien area, the Pei Chiang and Tung Valleys and the Canton area.

Quality

Quality of the coverage is generally good. There are scattered clouds in the Canton area and in a few isolated occurrences elsewhere.

Notes

1. Information is listed by categories, as shown in the Table of Contents. Arrangement within categories is as follows: Airfields and Urban Areas -- alphabetically; all other categories -- by (1) WAC number, and (2) exposure number. An index of names of cities, villages and natural features used in the text concludes the report.
2. The abbreviation ASSOTW in the text stands for the "Airfields and Seaplane Stations of the World" series, while ATMP designates mosaics and charts in the "Air Target Materials Program" series.
3. Coordinates: All latitude readings are North; longitude readings, East.
